# 6 inch Marvel figures

I live in Costa Rica, I found a lot of cheap Marvel figures in Walmart stores and some local stores, like Universal, Toys, Rodolfo Leiton. I want collect them all, but I never found a guide with the complete series, so this is my try!

Each figure cost 3500 colones (CRC) or 6.5 dollars aprox.

All figures have this code format in the base of the box: Bwxyz-B3946 Asst. where "wxzy" are random numbers.

## Update 1

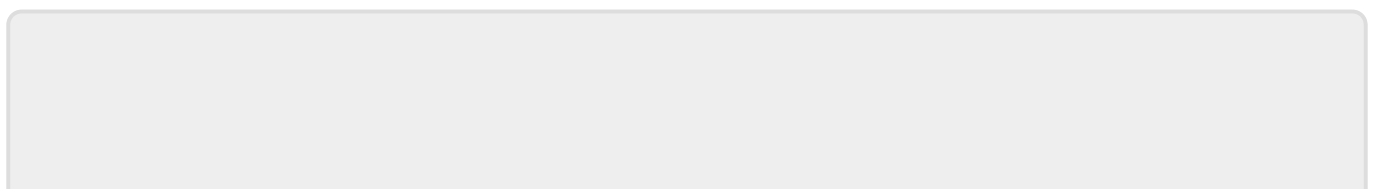

A second wave appears! The new wave comes in white boxes and the code format is: Cwxyz-B1686 Asst. where "wxzy" are random numbers.

I will post some photos of the figures in their boxes, click in following links.
