# ICA Client on Linux

Install ICA Client from:

<https://www.citrix.es/downloads/citrix-receiver/linux/receiver-for-linux-latest.html>

Choose Web Packages (Web Receiver only).

Configure app to open from Chrome:

```
xdg-mime default wfica.desktop application/x-ica
```

Configure config file ~/.ICAClient/All\_Regions.ini:

```
[Virtual Channels\Seamless Windows]
TWIMode=0

[Virtual Channels\Thinwire Graphics]
DesiredColor=8
ApproximateColors=*
DesiredHRES=1024
DesiredVRES=768
ScreenPercent=*
UseFullScreen=false
TWIFullScreenMode=false
NoWindowManager=false
```
