# RTL8822CE with rtw88 driver on Debian

Remove realtek firmware if you have installed:

```
sudo apt-get remove realtek-firmware
```

Now grab and install the firmware from:

```
git clone https://github.com/lwfinger/rtw88.git
make
sudo make install
```

If you have problem with the bluetooth:

```
sudo ln -s /lib/firmware/rtw88 /lib/firmware/rtl_bt
```
