Reports problem Odoo

```
2020-12-16 04:29:14,232 18154 WARNING ? odoo.http: Logged into database 'getzanavila', but dbfilter rejects it; logging session out.
2020-12-16 04:29:14,235 18154 WARNING ? odoo.http: Logged into database 'getzanavila', but dbfilter rejects it; logging session out.
2020-12-16 04:29:14,236 18154 WARNING ? odoo.http: Logged into database 'getzanavila', but dbfilter rejects it; logging session out.
2020-12-16 04:29:14,771 18154 WARNING getzanavila
odoo.addons.base.models.ir_actions_report: wkhtmltopdf: b'Exit with code 1 due to network error: ContentNotFoundError\n'
```

Solve with: Developer Mode → Settings → Technical → System parameters → search for url:

```
report.url https://tuanis.sempai.space
web.base.url https://tuanis.sempai.space
```
